

Bible Reading Schedule

讀經日程

2023

www.sbecc.org/biblread.pdf

Note: This bible reading schedule is a simplified version of the one originally compiled by Fulbright Ho. It is based on a 6 days/week, 50 weeks/year arrangement. The extra day each week may be used for catching up or for reviewing. Every day one reads a passage from the NT, plus a passage each from OT history books, wisdom books, and prophetic books. This way there will be variety in selections to avoid monotony. Hopefully this schedule can help us be familiar with the Word of God and keep them in our heart.

註：本日程表是由何廣明所編排的「讀經日程」簡化而來。是按一年五十週，每週六天安排。每週多餘的一天可以用來補讀或溫習。每天讀一段新約，加上舊約歷史書、智慧書，及先知書各一段。如此可以有些變換、避免枯燥。盼能幫助我們熟識神的話語，常記在心。

讀經日程的優點：

一年一遍的讀經日程表很多，這個日程表有什麼優點呢？

1. 有變化，不枯燥：
因為每天讀一段新約，加上舊約歷史書、智慧書、先知書、各一段。如此可以有變換、不至枯燥。
2. 日程有休息：
是按一年五十週，每週六天安排。每週多餘的一天可以用來補讀或溫習。比較容易趕上進度。
3. 可以靈活應用：
將全本聖經分為四部份，如果實在無法讀全部聖經，可以只讀新約，或新約加上智慧書，或新約加上先知書，等等不同組合。
4. 可以配合靈修：
每天靈修的經文，也可以從當日的經文中選取。
5. 其他：
如果願意，可以用 e-Sword 聖經軟體在電腦上讀，可以同時參照幾個版本 (例如：和合本 CUV，ESV，NET，YLT，LTTV)，就不至於在閱讀時因為某一個版本翻譯上的問題而停滯不前。

閱讀的目的是獲得對聖經的整體概念，不是研讀聖經，不必誦讀每一個字，而是像看報一樣的閱讀，有些重複或枯燥的部份可以越過，這樣可以快速讀完每天的進度，給自己一些成就感。

主要的目的，是“每年瀏覽聖經一遍”。這能幫助我們對聖經熟悉，使我們不論是在靈修、研經、聽道、之時，都能觸類旁通、舉一反三。

Advantages of this bible reading schedule:

There are many schedules for reading the bible once in a year. What is so special about this one?

1. Provides variety, avoids monotony:
Reading one section each from the NT, the OT history books, the OT wisdom books, and the OT prophets. This provides some variety and avoids monotony.
2. Having breaks in the schedule:
The schedule is arranged for 50 weeks per year and 6 days per week. There is one extra day each week for catching up or for reviewing, making this schedule easier to follow than others.
3. Flexibility:
This schedule divides the entire bible into four sections. Anyone having difficulty reading the entire bible in a year can try reading only the NT, or try other combinations such as NT plus wisdom books, NT plus prophets, etc.
4. Can support daily devotions:
Scripture readings for daily devotions can be selected from the daily passages.
5. Others:
If one likes to read the bible on a computer, then several versions can be viewed in parallel (e.g., CUV, ESV, NET, YLT, and LTTV in parallel using the e-Sword software). This helps avoid misunderstandings of the textual meaning due to a particular translation.

The purpose of this reading schedule is to get an overview of the bible passages, not to study each in detail. Therefore there is no need to read each and every word. Rather it is like reading a newspaper. Some repetitive or tedious parts may be skipped. This can help one finish daily readings on schedule and gain some sense of accomplishment.

The main purpose is to “browse the bible once a year”. This helps us be familiar with the bible, so that we may have good comprehension and quick association whether in daily devotions, bible studies, or listening to messages.
